Board

EMPLOYEE RECOGNITION

Two local residents could not say enough about the service they received from our employees here at WEP. Thank you **Maria Alexander, Mary Kelly, and Mike Bowles** for consistently providing excellent customer service. We appreciate your hard work.

SAFETY TIP:

Cold-stress occurs by driving down the skin temperature, and eventually the internal body temperature.

When the body is unable to warm itself, serious cold-related illnesses and injuries may occur. Types of cold stress Include: hypothermia, frostbite, and trench foot. Working outdoors or in extreme cold environments for prolonged Periods can lead to cold-stress. ***Monitor your physical condition and that of your coworkers.**

REMINDER!

As we head into our winter season please remember to sign up for the **Onondaga County Employee Emergency Communication System** also known as **Hyper-Reach**.

This system will notify you by text, e-mail, or voice mail in the event of County emergencies, closings etc.

Register by going to:

www.hyper-reach.com/onondagalistsignup.html

Knowledge: Pass It On!

- Look for a mentoring program to begin in 2018 for new employees. Sharing our knowledge and skills will benefit everyone.
- New employees will attend a full-day orientation which will include our policies & procedures, work-ethic & expectations, attendance and safety.

FREE LEAF BAGS!

- Free paper leaf bags are available at Libraries and Community Centers in the City of Syracuse
- For more information and list of locations, visit: www.savetherain.us/leafbag

YOU CAN MAKE A DIFFERENCE!

Keeping just one (1) tablespoon of fat, oil or grease out of your drains daily would amount to twelve (12) pounds of fat, oil or grease a year not running through your pipes, the sewer system, and Onondaga County sewage treatment plants!

TRIVIA

1. True or False: Water is the only substance found on earth naturally in three forms.
2. What are the percentages?
 - a. Of all the earth's water, how much is ocean or seas? _____%
 - b. How much of the world's water is frozen and therefore unusable? _____%
 - c. How much of the earth's water is suitable for drinking water? _____%
